**Q7. Read the passage and answer the followings.**

Ants are such amazing creatures. They are so small yet so powerful. Their legs are very strong and then can run very quickly. They are able to work together as a team to lift several times their own weight. Can you imagine how huge that crumb of bread must appear to an ant, yet they carry it to their anthill, together as a team. If a worker ant has found a good source of food, it leaves a trail of scent so that the other ants in the colony can find the food.

Ants are clean and tidy insects. Some worker ants are given the job of taking the rubbish from the nest and putting it outside in a special rubbish dump! I like ants because I think they are very smart.

1. What are the qualities of Ants?

Ans : \_\_\_\_\_

2. How does Ant work?
